THE NEW
X-SERIES

Test the new
Eberle Cutting Edge. Now!

The new X-Series: Ultimate performance – even under extreme conditions.

***nanoflex*[®] VTX**

***duoflex*[®] VTX**

***duoflex*[®] GTX**

***duoflex*[®] SPX**

***duoflex*[®] MX55**

More performance and precision – the benefits are obvious.

- advanced uniform microstructure
 - constant hardness and toughness values
 - micro-resistant, stable cutting edge
 - high capability of heat and wear resistance
 - top cutting accuracy
 - reduced machine load
 - greatly extended blade life
 - more performance and efficiency
- 

Eberle Heat treatment – offers a significantly more consistent and uniform microstructure.

Eberle's New X-Series Microstructure

Conventional Microstructure

First cut, then be impressed: Test the new Eberle Cutting Edge. Now!

Our Service – Your Benefit

Eberle Cutting Data App

The Eberle Cutting Data App provides you immediately and precisely with the cutting parameters for individual bimetal and carbide tipped band saw cutting. It can be downloaded from our homepage or www.eberleslidechart.com or from:

Training

We offer band saw training upon request. Just contact our distribution network or get in touch with our headquarters.

Upcoming Trade Shows

For a detailed overview about our trade shows with direct access to the event website and to Google Maps, please refer to our homepage www.eberle-augsburg.de

Technical Advice

Should you have any questions about band saw applications or ways to optimize sawing processes, Eberle's expert team will provide competent support:
